3 CHAIRPERSON'S LETTER

On behalf of the Board of Velpic Limited, I am pleased to present this opportunity for Shareholders to participate in the Rights Issue Offer, to raise up to \$2,171,114 (before costs). Eligible Shareholders will be able to subscribe for 2 new Shares for every existing 5 Shares they hold at an issue price of \$0.008 per Share, with 2 free attaching Options for every 7 new Shares issued with an exercise price of \$0.02 and expiring on 30 November 2019.

Jindalee Partners Pty Ltd and Merchant Corporate Advisory Pty Ltd are acting in the role of lead managers and advisors and Merchant are partially underwriting the Offer for \$1,000,000.

Net proceeds from the rights issue will be primarily used to:

- Fund the strategic acquisition of approximately 5% of NowForce for US\$1 million;
- Launch Velpic Security as the exclusive reseller of NowForce in Australia & New Zealand; and
- Integrate the two platforms to promote sales growth both nationally and internationally.

It is extremely pleasing to be able to find a single partnership that addresses so many of the ambitions of the Velpic Board:

- revenue growth;
- international expansion;
- greater market sector coverage; and
- continuing innovation.

This is a strategic and sensible, transformational partnership for Velpic and NowForce that will add two new SaaS recurring revenue streams to Velpic:

1. Velpic direct sales (existing);
2. NowForce direct sales in Australia and New Zealand (new); and
3. International sales of an integrated NowForce Velpic platform via NowForce and its Partners (new).

Please see the announcement made to ASX on 27 November 2017 and Section 5.2 for further information on the NowForce deal (www.asx.com.au).

My fellow Directors and I are pleased to offer Shareholders the opportunity to participate in this capital raising. Shareholders are urged to read the risks set out in section 6, and to seek their own advice if appropriate. I would like to thank all Shareholders for their support to date. I am hopeful that you will continue to support us and take this opportunity to participate in the Offer.

Yours Sincerely

Leanne Graham
Non-Executive Chairperson
Velpic Limited

5 PURPOSE AND EFFECT OF THE OFFER

5.1 Introduction

The Company is seeking to raise up to approximately \$2,171,114 before issue costs by offering Eligible Shareholders 2 New Shares for every 5 Existing Shares held as at the Record Date at a price of \$0.008 per New Share, with 2 free attaching New Options for every 7 New Shares issued (exercisable at \$0.02 on or before 30 November 2019).

A maximum of 77,539,791 New Options may be issued under the Offer. In the event that these are exercised before their expiry date of 30 November 2019, this would raise a further \$1,550,795 of capital. The effect of this additional capital is not taken account of in this Prospectus however, as it is uncertain if this will occur.

The Offer is partially underwritten to \$1,000,000 or 125,000,000 New Shares. The underwriter is Merchant Corporate Advisory, who is also joint manager with Jindalee.

5.2 The NowForce Deal

As referred to in the Company's announcement to ASX on 27 November 2017, the Company has entered into a strategic partnership with NowForce whereby Velpic is taking part in NowForce's current fund-raising initiative by acquiring up to 5% of NowForce for US\$1m. Of this sum, USD\$250,000 will be paid on or about 30 November 2017. NowForce has developed an affordable, user-friendly SaaS solution for the global Security Industry, a growing market currently worth \$220bn.

In addition to Velpic acquiring an interest in NowForce:

1. Velpic and NowForce will integrate their platforms to provide a seamless value-added solution to new and existing clients of both platforms. The integration will create a solution for the global Security Industry that is unique. Solutions in the Security Industry typically focus on incident management, whereas the integration of Velpic and NowForce will create a product that has a global first-mover-advantage, in that it will be able to better train the people responding to incidents but also educate the people potentially affected by incidents with the ultimate goal of proactively reducing the number of incidents in the first place; and
2. The Velpic NowForce global partnership will extend beyond platform integration with Velpic appointed as NowForce's sole distributor in Australia & New Zealand to service the growing \$8b Australasian security industry. Under its exclusive reseller agreement with NowForce, Velpic will launch Velpic Security, a new specialised service in Australia and New Zealand that will sell the integrated Velpic NowForce industry-leading platform. Velpic Security will specifically target local industries including education, mining, oil & gas, venues and the public sector.

The table in Section 5.3 below sets out the proposed use of funds raised by the Offer with respect to these arrangements with NowForce. It is a term of the agreement with NowForce that the USD\$750,000 that remains unpaid ("Remaining Investment Amount"), shall be paid to NowForce by the Company in one or more instalments each of which shall be made within 3 business days of the completion by the Company of any portion of the combined capital raising of approximately AUD\$3,000,000 through the Placement and Offer. In the event, however, that the Company raises less than AUD\$3,000,000, then the Remaining Investment Amount will reduce proportionately. For example, if the Company only raises,

say, AUD\$1,000,000 (ie 1/3 of the AUD\$3,000,000 target capital raising over the Placement and the Offer) then the Remaining Investment Amount will reduce proportionately (ie in this example, from USD\$750,000 to USD\$250,000).

The Placement involves the issue of up to 121,155,925 Shares to sophisticated investors (along with 34,615,978 options on the same terms as the New Options) to raise \$969,247, as announced to ASX on 27 November 2017, but under which no securities have been issued as at the date of this Prospectus and which securities carry no entitlement to participate in the Offer. It is relevant with respect to NowForce as the Company will be using existing capital and proceeds from the Placement and Offer towards the acquisition of the NowForce investment.

5.3 Purpose of the Offer

The Directors intend to apply the proceeds from the Offer as follows:

Use of funds (approximately) ¹	Underwritten Amount	Full Subscription
Acquisition of investment in NowForce ²	675,000	1,350,000
Cost associated with NowForce acquisition	115,070	115,070
Launch NowForce in Australia & NZ	-	394,705
Integrate NowForce and Velpic	38,858	70,000
Costs of the Offer	171,072	241,339
Total use of funds	1,000,000	2,171,114

Notes:

- 1 This table is a statement of the proposed application of the funds raised as at the date of this Prospectus. As with any budget, intervening events and new circumstances have the potential to affect the Company's decisions. The Company reserves the right to vary the way funds are applied.
- 2 The maximum cost of the acquisition of the investment in NowForce is USD\$1,000,000 and is conditional of the combined Rights Issue and Placement being fully subscribed. In the event that this does not occur, the investment in NowForce will be as set out in Section 5.2 and the figures in this table should be read subject to those comments. Until paid in full, the USD amounts are subject to USD:AUD fluctuations. For the purpose of this document an exchange rate of USD\$1:AUD\$1.35 has been applied. The Company will be using existing capital and proceeds from the Placement and Offer towards the acquisition of the NowForce investment.

In the event that the amount raised under this Prospectus is more than the Underwritten Amount but less than the Full Subscription, it is intended that the additional amount raised

will be applied firstly towards the costs of the Offer and then broadly proportionately to the table in 5.3.

5.4 Statement of financial position

Set out in section 13 is the un-audited Consolidated Statement of Financial Position of the Company and the Consolidated Pro-Forma Statement of Financial Position, as at 30 September 2017 and prepared on the basis of the following assumptions:

- (a) the Offer was effective on 30 September 2017;
- (b) the Placement announced on 27 November is fully subscribed and raises \$969,000; and that the Placement securities carry no right to participate in the Offer;
- (c) no further Shares are issued (including by way of exercise of Options) other than all Shares offered under this Prospectus;
- (d) take up of the Offer is:
 - (i) Underwritten Amount; and
 - (ii) Full Subscription; and
- (e) costs of the Offer are:
 - (i) \$171,072 based on Underwritten Amount
 - (ii) \$241,339 based on Full Subscription Amount

The significant accounting policies upon which the Statement of Financial Position and the Pro-Forma Statement of Financial Position are contained in the annual financial report for the year ended June 2017.

Whilst the Company is comfortable with the financial information in the pro-forma balance sheet, the pro-forma balance sheet is based on management accounts that have not been reviewed or audited.

5.5 Effect of the Offer on the Company's securities

Assuming that no existing Options are exercised prior to the Record Date, at the close of the Offer and based purely on the Offer, the capital structure of the Company will be:

Shares	Underwritten Amount		Full Subscription	
	Number	%	Number	%
Existing Shares	678,473,176	84.44	678,473,176	71.43
New Shares offered under this Prospectus	125,000,000	15.56	271,389,270	28.57
Total Shares	803,473,176	100	949,862,446	100

Options Currently on Issue	
Listed Options (exercise price \$0.06 expiry 30/06/2018)	97,052,117
Unlisted Options (exercise price \$0.06 expiry 31/01/18)	8,000,000
Unlisted Options (exercise price \$0.20 expiry 10/10/2018)	2,750,000
Unlisted Options (exercise price \$0.05 expiry 03/12/2018)	6,280,000
Unlisted Options (exercise price \$0.20 expiry 18/06/2019)	7,250,000
Unlisted Options (exercise price \$0.06 expiry 23/12/2019)	15,000,000
Unlisted Options (exercise price \$0.06 expiry 21/06/2021)	2,050,000
Total existing Options	138,382,117
Maximum New Options offered under this Prospectus (exercise price \$0.02 on or before 30 November 2019, to be listed)	77,539,791
Maximum Total Options following the Offer	215,921,908

The terms of certain Options on issue may allow for the exercise price to change following a rights issue. The new exercise price for those Options will be announced following the ex date of the Offer.

As referred to in Section 5.4(b) above, as at the date of preparing this Prospectus the outcome of the Placement is not known as all funds will not have been received and no securities will have been issued. Assuming the full Placement does occur, then the first of the tables immediately above would change to the following:

Shares	Underwritten Amount		Full Subscription	
	Number	%	Number	%
Existing Shares	678,473,176	73.38	678,473,176	63.40
Placement Shares	121,155,925	13.10	121,155,925	11.31
New Shares offered under this Prospectus	125,000,000	13.52	271,389,270	25.29
Total Shares	924,629,101	100	1,071,018,371	100

Shares issued under the Placement are not entitled to participate in the Offer hence why this table adds only the Placement shares to the Offer and existing shares (and not Placement shares with an attaching entitlement, as there is not one).

In the table of options on issue, if the Placement occurs, there will be a further 34,615,978 options on issue of the same class as the New Options, meaning the total options on issue in the Company assuming Full Subscription under the Prospectus will be 250,537,886.

5.6 Effect on control

There will be no effect on control of the Company if all Shareholders take up their Entitlement.

(a) Underwriter

Merchant Corporate Advisory has agreed to underwrite the Offer for up to \$1,000,000 or 125,000,000 New Shares (with free attaching options on a 2 for 7 basis).

In the event that no Eligible Shareholders took up their rights under the Offer and no Shortfall is placed to sub-underwriters, Merchant Corporate Advisory may have a voting power of up to 15.56% in the Company. In the event that the Placement occurs, this percentage will reduce to 13.52%.

(b) Others

No shareholder will increase their voting power in the Company to 20% or more under the Offer or Shortfall Offer.

(c) Dilution

Shareholders who do not participate in the Offer will have their holdings diluted. Following is a table which sets out the dilutionary effect assuming the Full Subscription is raised and no further Shares are issued or options exercised. These percentages will be slightly less if the Placement occurs and an individual Shareholder did not participate in that as well:

Holder	Holding at Record Date		Entitlement	Holding following the Offer if no Entitlement taken up	
	Number	%		Number	%
1	60,000,000	8.84	20,000,000	60,000,000	6.63
2	30,000,000	4.42	10,000,000	30,000,000	3.31
3	10,000,000	1.47	3,333,333	10,000,000	1.10
4	5,000,000	.7	1,666,667	5,000,000	.5

6 RISK FACTORS

The New Shares offered under this Prospectus are considered speculative due to the inherent risks associated with the Company's activities. An investment in the Company is not risk free and the Directors strongly recommend potential investors consider the risk factors described below and together with information contained elsewhere in this Prospectus and all information about the Company and its activities (including financial information) that the Company has released on ASX to date. Shareholders should consult with their professional advisers before deciding whether to apply for the New Shares pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business and circumstances. In addition, there are general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this Section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the New Shares. Neither the Company nor the Directors warrant the future performance of the Company or any investment made pursuant to this Prospectus and in particular note that the Company has not yet made a profit, has a history of operating losses and has not yet paid a dividend (nor anticipates doing so in the near future).

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

6.1 Risk specific to the Offer

(a) Future funding

The funds raised by the Offer will be primarily used to fund the strategic acquisition of up to 5% of NowForce for US\$1 million; launch Velpic Security as the exclusive reseller of NowForce in Australia & New Zealand; and integrate the two platforms to promote sales growth both nationally and internationally.

The Company may seek to raise further funds in the future. There is a risk that further raisings may not be on terms favourable to, or dilute, existing Shareholders.

(b) Dilution

Shareholders who do not take up their Entitlement will have their holding in the Company diluted. Details of dilution are set out in section 5.6(c) above.

(c) Control

The Directors have taken reasonable steps to ensure a reasonable distribution of voting power under the Offer, including the appointment of an underwriter. However, assuming some shareholders take up their Entitlement and others do not, there is a risk that voting power may be consolidated among fewer shareholders and the interests of these Shareholders may not align with other Shareholders' interests.

6.2 Company and industry risks

The risks outlined below are specific to the Company's operations.

(a) Customer Uptake Risk

The global marketplace for SaaS products is ever changing due to new technologies, new products, changes in preferences, changes in regulation and other factors influencing market acceptance or market rejection. This market volatility and risk exists despite the best endeavours of sales and marketing strategies, market research, promotion and sales and licensing campaigns.

Accordingly, there is a risk that the Company may not be able to commercialise its products to the extent required to drive customer uptake, which could adversely impact the Company's operations.

(b) Customer Service Risk

The Company's business model is based on recurring revenue arising from usage. Poor customer service experiences may result if the Company loses key customer service personnel, fails to provide adequate training and resources for customer service personnel or there is a disruption to monitoring and account management systems utilised by customer service personnel. Poor experiences may result in the loss of customers, adverse publicity, litigation, regulatory enquiries and customers reducing the use of products or services. If any of these occur, it may adversely impact the Company's revenues.

(c) New Market Entrants and Technology Risk

The emergence of new competitors in the market, or any technological developments providing an alternative to Velpic's product offerings could impact the market share that the Company is able to acquire and cause downward price pressure on consumer software and services platforms, thus reducing the Company's margins and revenue. Further, existing providers of similar consumer services may also respond aggressively to Velpic's market growth to retain or regain market share, which could also impact the Company's margins and revenue.

(d) Security Breaches and Hacker Attacks

A malicious attack on the Company's systems, processes or people from external or internal sources could put the integrity and privacy of customers' data and business systems used at risk. The impact of loss or leakage of customer or business data could include costs for rebates, potential service disruption, litigation, and brand damage resulting in reduced or failing revenues. The Company follows best practice in relation to security policies, procedures, automated and manual protection, encryption systems and staff screening to minimise this risk.

(e) Maintaining First Mover Advantage risk

In lieu of patents and more traditional forms of protection of intellectual property, SaaS firms employ a strategy of constant innovation to stay ahead of the competition especially when entering existing markets where the solution is novel

but the problem being solved is not. This is called First Mover Advantage. If innovation is stifled through lack of creativity or funds then this may adversely affect the Company.

(f) Intellectual Property

Securing rights to intellectual property, and in particular patents, is not an integral part of securing overall potential product value with SaaS products entering traditional markets. Competition in retaining and sustaining protection of intellectual property and the complex nature of intellectual property can lead to expensive and lengthy patents disputes for which there can be no guaranteed outcome.

The granting of a patent does not guarantee that the rights of others are not infringed nor that competitors will not develop competing intellectual property that circumvents such patents. The Company's success depends, in part, on its ability to obtain patents, maintain trade secret protection and operate without infringing the proprietary rights of third parties.

Although the Company is not aware of any third party interests in relation to the intellectual property rights of the intellectual property, and has taken steps to protect and confirm its interest in these rights, there is always a risk of third parties claiming involvement in technological discoveries, and if any disputes arise, they could adversely affect the Company.

Although the Company will implement all reasonable endeavours to protect its intellectual property, including applications for patents where appropriate, there can be no assurance that these measures have been, or will be sufficient.

(g) Key personnel

The responsibility of overseeing the day-to-day operations and the strategic management of the Company depends substantially on its senior management and its key personnel. There can be no assurance given that there will be no detrimental impact on the Company if one or more of these employees cease their employment.

(h) Sovereign Risk

Velpic is investing in NowForce an Israeli based SaaS Company. NowForce's activities are subject to the risks associated in operating in a foreign country. These risks may include economic, social or political instability or change, hyperinflation, currency non-convertibility or instability and changes of law affecting foreign ownership, government participation, taxation, working conditions, rates of exchange control, exploration licensing, export duties, repatriation of income or return of capital, labour relations as well as government regulations that require the employment of local staff or contractors or require other benefits to be provided to local residents.

The risk of terrorism activities in Israel and the resulting impact upon any future projects is also a relevant risk factor.

(i) Technology Risk

To realise the potential revenue stream of Velpic being sold embedded within NowForce, Velpic must first be integrated with NowForce. Software development projects are subject to risks from technology changes from third parties, time estimation, not being able to source the most appropriately skilled developers, project management between two disparate development teams and budget considerations are also relevant risk factors.

6.3 General investment risks

The risks outlined below are some of the general risks that may affect an investment in the Company.

(a) Securities investments and share market conditions

There are risks associated with any securities investment. The prices at which the securities trade may fluctuate in response to a number of factors.

Furthermore, the stock market may experience extreme price and volume fluctuations that may be unrelated or disproportionate to the operating performance of such companies. These factors may materially adversely affect the market price of the securities of the Company regardless of the Company's operational performance. Neither the Company nor the Directors warrant the future performance of the Company, or any return of an investment in the Company.

(b) Liquidity risk

The market for the Company's Shares may be illiquid. As a consequence, investors may be unable to readily exit or realise their investment.

(c) Economic risk

Changes in Australia and world economic conditions may adversely affect the financial performance of the Company. Factors such as inflation, currency fluctuations, interest rates, industrial disruption and economic growth may impact on future operations and earnings. The Company's possible revenues and price of its securities can be affected by these factors which are beyond the control of the Company and its Directors.

7 ACTIONS REQUIRED BY ELIGIBLE SHAREHOLDERS

7.1 What you may do

As an Eligible Shareholder, you may:

- (a) subscribe for all or part of your Entitlement (see section 7.2);
- (b) subscribe for all of your Entitlement and apply for Shortfall Securities (see section 7.3);
- (c) allow all or part of your Entitlement to lapse (see section 7.4).

7.2 Subscribe for all or part of your Entitlement

Applicants should read this Prospectus in its entirety in order to make an informed decision on the prospects of the Company and the rights attaching to the New Shares offered by this Prospectus before deciding to apply for New Shares. If you do not understand this Prospectus you should consult your stockbroker, accountant or other professional adviser in order to satisfy yourself as to the contents of this Prospectus.

If you wish to subscribe for all or part of your Entitlement, complete the accompanying Entitlement and Acceptance Form in accordance with the instructions set out on that form. The Entitlement and Acceptance Form sets out the number of New Shares you are entitled to subscribe for.

7.3 Subscribe for all of your Entitlement and apply for Shortfall Securities

Eligible Shareholders who take up their Entitlement in full may, in addition to their Entitlement, apply for Shortfall Securities regardless of the size of their present holding by completing the accompanying Entitlement and Acceptance Form in accordance with the instructions set out on that form. See section 8.8 for details of the manner in which Shortfall Securities will be allocated.

Surplus application monies will be returned to Applicants as soon as practicable following the close of the Offer.

7.4 Allow all or part of your Entitlement to lapse

If you are an Eligible Shareholder and do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

If you take no action, your Entitlement will lapse. You will receive no benefit or New Shares and your Entitlement will become Shortfall Securities.

If you wish to receive a benefit, you must take action to accept your Entitlement in accordance with the instructions above and on the accompanying personalised Entitlement and Acceptance Form.

The number of Existing Shares you hold as at the Record Date and the rights attached to those Existing Shares will not be affected if you choose not to accept any of your Entitlement.

7.5 Payment methods

BPAY

If you are paying by BPAY, refer to your personalised instructions on your Entitlement and Acceptance Form. Shareholders who wish to pay by BPAY must ensure that payment is received by no later than 5.00pm AEST on the Closing Date.

You should be aware that your own financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration when making payment. It is your responsibility to ensure that funds submitted through BPAY are received by 5.00pm AEST on the Closing Date.

If you have more than one shareholding and consequently receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those shareholdings only use the Customer Reference Number specific to that shareholding as set out in the applicable Entitlement and Acceptance Form. Do not use the same Customer Reference Number for more than one of your shareholdings. This can result in your application monies being applied to your Entitlement in respect of only one of your shareholdings (with the result that any application in respect of your remaining shareholdings will not be recognised as valid).

The Company will not be responsible for any postal or delivery delays or delay in the receipt of the BPAY payment.

Cheque, bank draft or money order

Alternatively, if you are paying by cheque, bank draft or money order, the completed Entitlement and Acceptance Form must be accompanied by a cheque, bank draft or money order made payable to 'Velpic Limited' and crossed 'Not Negotiable' for the appropriate application money in Australian dollars calculated at \$0.008 per New Share accepted. Your cheque, bank draft or money order must be paid in Australian currency and be drawn on an Australian branch of an Australian financial institution. The Company will present the cheque or bank draft on the day of receipt of the Entitlement and Acceptance Form. You must ensure that your cheque account has sufficient funds to cover your payment, as your cheque will be presented for payment on receipt. If your bank dishonours your cheque your application will be rejected. Dishonoured cheques will not be represented.

If the amount of your cheque(s), bank draft(s) or money order(s) for application money (or the amount for which those cheque(s) or bank draft(s) clear in time for allocation) is insufficient to pay for the number of New Shares you have applied for in your Entitlement and Acceptance Form, you may be taken to have applied for such lower number of New

Shares as your cleared application money will pay for (and to have specified that number of New Shares in your Entitlement and Acceptance Form) or your Application may be rejected.

The Entitlement and Acceptance Form must be received by the Company at either of the following addresses by no later than 5.00pm (AEST) on the Closing Date:

By Post To:	By Delivery To:
Velpic Limited C/- Link Market Services GPO Box 3560 Sydney NSW 2001	Velpic Limited C/- Link Market Services 1A Homebush Bay Drive Rhodes NSW 2138 (not to be used for mailing purposes)

7.6 Entitlement and Acceptance Form is binding

Receipt of a completed and lodged Entitlement and Acceptance Form together with a cheque for the application monies, or by making a payment in respect of an Application by BPAY, constitutes a binding offer to acquire New Shares on the terms and conditions set out in this Prospectus and, once lodged, cannot be withdrawn.

By completing and returning your Entitlement and Acceptance Form with the requisite application monies, or by making a payment in respect of an Application by BPAY, you will be deemed to have represented that you are an Eligible Shareholder. In addition, you will also be deemed to have represented and warranted on behalf of yourself or each person on whose account you are acting that the law in your place of residence and/or where you have been given the Prospectus, does not prohibit you from being given the Prospectus and that you:

- (a) agree to be bound by the terms of the Offer;
- (b) declare that all details and statements in the Entitlement and Acceptance Form are complete and accurate;
- (c) declare that you are over 18 years of age and have full legal capacity and power to perform all your rights and obligations under the Entitlement and Acceptance Form;
- (d) authorise the Company and its respective officers or agents, to do anything on your behalf necessary for the New Shares to be issued to you, including to act on instructions of the Company's share registry upon using the contact details set out in the Entitlement and Acceptance Form;
- (e) declare that you are the current registered holder of Shares and are an Australian or New Zealand resident, and you are not in the United States or a US Person, or acting for the account or benefit of a US Person;
- (f) acknowledge that the information contained in, or accompanying, the Prospectus is not investment or financial product advice or a recommendation that New Shares

are suitable for you given your investment objectives, financial situation or particular needs; and

- (g) acknowledge that the New Shares have not, and will not be, registered under the securities laws in any other jurisdictions outside Australia and New Zealand and accordingly, the New Shares may not be offered, sold or otherwise transferred except in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of applicable securities laws in particular the US Securities Act.

The Entitlement and Acceptance Form does not need to be signed to be a valid application. An Application will be deemed to have been accepted by the Company upon the issue of the New Shares.

If the Entitlement and Acceptance Form is not completed correctly or if the accompanying payment of the application monies is for the wrong amount, it may still be treated as a valid application for New Shares. The Directors' decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final. However, an Applicant will not be treated as having applied for more Shares than is indicated by the amount of the application monies received by the Company.

8.9 Offer outside Australia and New Zealand

Recipients may not send or otherwise distribute this Prospectus or the Entitlement and Acceptance Form to any person outside Australia and New Zealand.

8.10 Treatment of Ineligible Shareholders

Given the small number of Ineligible Shareholders and the cost of complying with applicable regulations in those jurisdictions, the Company has decided that it would be unreasonable to extend the Offer to Ineligible Shareholders. The Prospectus will not be sent to those Shareholders.

(a) New Zealand

The Offer contained in this Prospectus to Eligible Shareholders with registered addresses in New Zealand is made in reliance on the Securities Act (Overseas Companies) Exemption Notice 2013 (New Zealand). This Prospectus has not been registered, filed or approved by any New Zealand regulatory authority. This Prospectus is not an investment statement or prospectus under New Zealand law and is not required to, and may not, contain all the information that an investment statement or prospectus under New Zealand law is required to contain.

(b) Elsewhere

This Prospectus does not constitute an offer of securities in any jurisdiction where, or to any person to whom, it would not be lawful to issue the Prospectus or make the Offer. No action has been taken to register or qualify the New Shares or the Offer or otherwise to permit an offering of the New Shares in any jurisdiction other than as set out in this section.

8.11 Beneficial holders, nominees, trustees and custodians

Nominees and custodians that hold Shares should note that the Offer is available only to Eligible Shareholders. The Company is not required to determine whether or not any registered holder is acting as a nominee or the identity or residence of any beneficial owners of securities. If any nominee or custodian is acting on behalf of a foreign person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Offer is compatible with applicable foreign laws.

8.12 Issue of New Shares and application money

New Shares will be issued only after ASX has granted permission for the New Shares to be quoted. It is expected that New Shares will be issued on 29 December 2017 and normal trading of the New Shares on ASX is expected to commence on 2 January 2018.

All application monies will be deposited into a separate bank account of the Company and held in trust for Applicants until the New Shares are issued or application monies returned. Any interest that accrues will be retained by the Company and will not be paid to Applicants.

8.13 Quotation

The Company will apply for quotation of the New Shares offered by this Prospectus on ASX within 7 days from the date of the Prospectus. If ASX does not grant permission for the quotation of the New Shares offered under this Prospectus within 3 months after the date of this Prospectus, or such longer period as modified by ASIC, none of the New Shares offered by this Prospectus will be issued. In these circumstances, all Applications will be dealt with in accordance with the Corporations Act including the return of all application monies without interest.

8.14 Market prices of Existing Shares on ASX

8.15 CHES

The Company participates in the Clearing House Electronic Subregister System (**CHES**). CHES is operated by ASX Settlement Pty Ltd (**ASPL**), a wholly owned subsidiary of ASX.

Under CHES, the Company does not issue certificates to investors. Instead, security holders will receive a statement of their holdings in the Company, including New Shares issued under this Prospectus. If an investor is broker sponsored, ASPL will send a CHES statement.

The CHES statement will set out the number of New Shares issued under this Prospectus, provide details of your holder identification number and give the participation identification number of the sponsor.

If you are registered on the issuer sponsored sub register, your statement will be dispatched by the Company's share registrar and will contain the number of New Shares issued to you under this Prospectus and your security holder reference number.

A CHES statement or issuer sponsored statement will routinely be sent to Shareholders at the end of any calendar month during which the balance of their shareholding changes. Shareholders may request a statement at any other time, however, a charge may be made for additional statements.

8.16 Taxation and duty implications

The Directors do not consider that it is appropriate to give Shareholders advice regarding the taxation consequences of the Company conducting the Offer or Shareholders applying for New Shares under this Prospectus, as it is not possible to provide a comprehensive summary of the possible taxation positions of Shareholders. The Company, its advisers and officers, do not accept any responsibility or liability for any taxation consequences to Shareholders in the Offer. Shareholders should, therefore, consult their own professional tax adviser in connection with the taxation implications of the Offer.

No brokerage or stamp duty is payable by Applicants in respect of Applications for New Shares under this Prospectus.

10.1 Continuous disclosure obligations

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities. The New Shares which will be issued pursuant to this Prospectus are in the same class of Shares that have been quoted on the official list of the ASX during the 12 months prior to the issue of this Prospectus.

This Prospectus is a "transaction specific prospectus" to which the special content rules under section 713 of the Corporations Act apply. That provision allows the issue of a more concise prospectus in relation to an offer of securities in a class which has been continuously quoted by ASX in the three months prior to the date of the prospectus. In general terms "transaction specific prospectuses" are only required to contain information in relation to the effect of the issue of New Shares on the Company and the rights attaching to the New Shares. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquiries as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as

applicable from time to time throughout the period from lodgement of the Company's annual financial report of the Company for the financial year ended 30 June 2017 to the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial report of the Company for the financial year ended 30 June 2017 being the last financial report for a financial year, of the Company lodged with the ASIC before the issue of this Prospectus;
 - (ii) any half-year financial report lodged with ASIC by the Company after the lodgement of that annual report and before the lodgement of this Prospectus; and
 - (iii) any continuous disclosure notices given by the Company after the lodgement of the financial report referred to in paragraph (i) and before the lodgement of this Prospectus with ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be obtained free of charge from the Company's registered office during normal office hours.

NOTES

- The maximum cost of the investment in NowForce is USD\$1,000,000. This amount is conditional on a successful combined Rights Issue and Placement raising \$3m.
- The amounts stated above for the investment in NowForce is subject to AUD:USD fluctuations.
- The Company will also be using existing capital and proceeds from the Offer and Placement towards the acquisition of the NowForce interest.
- As referred to in the Company's announcement to ASX on 27 November 2017, the Company has entered into a strategic partnership with NowForce whereby Velpic is taking part in NowForce's current fund-raising initiative by acquiring up to 5% of NowForce for US\$1m. Of this sum, USD\$250,000 will be paid on or about 30 November 2017.

- The table in Section 5.3 sets out the proposed use of funds raised by the Offer with respect to these arrangements with NowForce. It is a term of the agreement with NowForce that the USD\$750,000 that remains unpaid (“Remaining Investment Amount”), shall be paid to NowForce by the Company in one or more instalments each of which shall be made within 3 business days of the completion by the Company of any portion of the combined capital raising of approximately AUD\$3,000,000 through the Placement and Offer. In the event, however, that the Company raises less than AUD\$3,000,000, then the Remaining Investment Amount will reduce proportionately. For example, if the Company only raises, say, AUD\$1,000,000 (ie 1/3 of the AUD\$3,000,000 target capital raising over the Placement and the Offer) then the Remaining Investment Amount will reduce proportionately (ie in this example, from USD\$750,000 to USD\$250,000).
